

4 way coaxial cable splitter 145 - 175 MHz

BESCHREIBUNG

- The CPS series of power splitters are manufactured using high quality coaxial cable and connectors.
- The CPS power splitters use quarter wave coaxial cable transformer sections to match two or more loads to one source.
- The junction points on the CPS power splitters are completely encapsulated with polyurethane resin within an aluminium tube totally preventing dust and moisture ingress.
- Former Skymasts brand product.

SPEZIFIKATIONEN

Elektrisch DE	
Frequenz	145 - 175 MHz
Max. Eingangsleistung	500 W
Einfügedämpfung	-6.3 dB
Impedanz	50 Ω
VSWR	< 1.5:1
Mechanisch DE	
Anschlussstyp	N(f) an 1 m RG213 / U Kabel
Output-Anschlüsse	N(m) auf 500 mm RG213
Körpermaterial	Aluminium tube 38.1 mm
Isolator	Polyurethanharz-Verkapselung
Anzahl der ausgänge	4
Umwelt	
IP Schutzklasse	IP68

BESTELLUNG

Modell	Produkt Nr	Frequenz
4 way coaxial cable splitter	CPS4-160	145 - 175 MHz
