

Jumper Cable (40 cm)

BESCHREIBUNG

- Coaxial cable (RG 58) with one FME-connector.
- 40 cm coaxial cable (RG 58) with one FME-connector (female) at one end and one N-connector (female) at the other end.
- The coaxial cable applied is a special PROCOM-design. It has the lowest possible loss for an RG 58 coaxial cable (below 0.5 dB/m at 900 MHz) and a very exact 50 impedance.
